Mokena Puts Limit On Halloween Observance

The Mokena Village board has adopted an ordinance limiting time and scope of celebrating Halloween.

The practice of collecting tribute by "tricks-and-treaters" over a period of several nights is out.

Youngsters are to confine such forays to one day--Halloween itself, Oct. 31--and the hours set by the ordinance are from 3 to 9 p.m.

Those abroad after 9 o'clock Halloween night will be subject to arrest and fines, it was stated.

It is the understanding of Mokena officials that neighboring communities will enact similar measures. The ordinance adopted by the Mokena board has the blessing of school authorities in the area.

The Halloween observance at Mokena will include the annual parade of youngsters in costumes befitting the oc-

casion. Prizes will be awarded and refreshments served at the end of the parade.

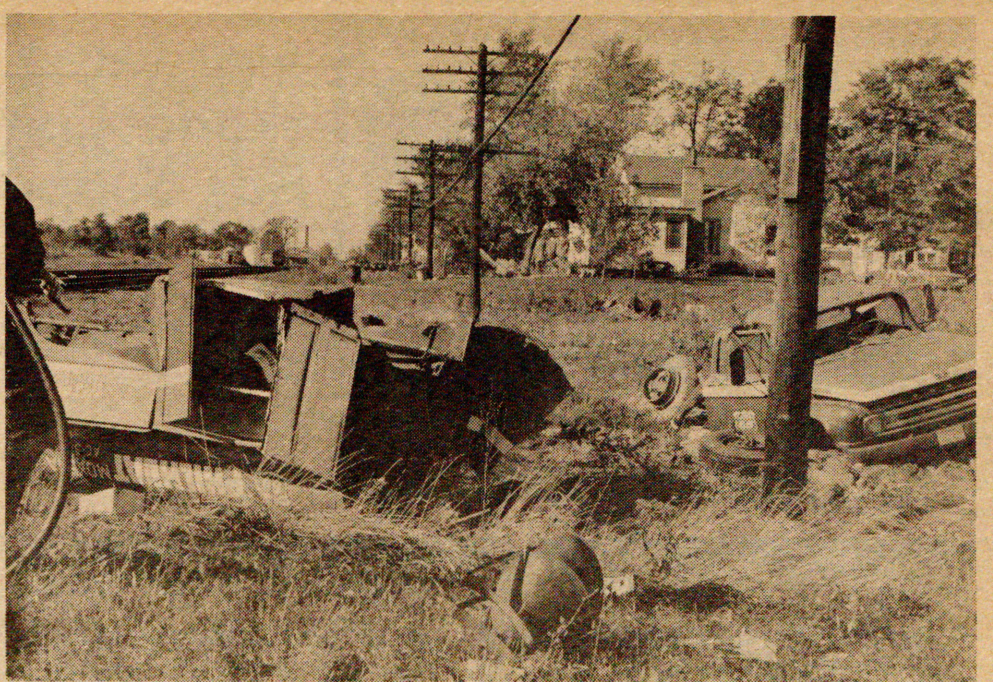

Lions Seek Quarters For India Visitor

Lions International has contacted the Frankfort Lions in an effort to arrange a visit for the daughter of a member of the Bombay, India, Lions Club. The young lady, who is 22 years old and a college graduate, would like to spend four to six weeks in the home of a Frankfort area resident.

It would also be agreeable if several families would act as hosts for shorter periods. Anyone interested should call Grant Geuther of Frankfort as soon as possible. Geuther's phone numbers are 469-2230 and 469-5489.

Train Hits Gas Laden Truck, Driver Escapes

Louis Rauch, 45, owner of the Mokena Oil Co., had a miraculous escape last Thursday (Oct. 6) when a gasoline filled tank truck he was driving was struck by a westbound train on the Schoolhouse Rd., crossing at the east end of Mokena.

There was no explosion, no fire. The cab of the truck was torn from the body and hurled to one side. It landed upright and Rauch was able to climb out.

The tank portion, which was said to have been carrying 1,000 gallons of gasoline, came to rest on its top.

In numerous instances when a gasoline truck is hit with such an impact the cargo had caught on fire, it was pointed out.

Mr. Rauch was dazed and

bleeding from multiple cuts when he climbed out of the wrecked cab and was rushed to Silver Cross hospital by Police Chief Roy Newton. He was hospitalized for x-ray examination and observation but was able to return home Saturday and on Monday morning he was at his office, which is just south and west of the scene of the accident.

Mr. Rauch was driving north on Schoolhouse Rd. He said he slowed and looked to the east and to the west. The view to the east is not as clear as it is to the west but Rauch did not see the train approaching, he said, nor did he hear the bell. There are no warning lights at this crossing of the Rock

Island Lines in Mokena, but there is a bell. Many complaints have been made that the bell is difficult to hear.

The train involved was the Peoria Rocket.

Ben Travis, 66, the engineer, was quoted as saying his train was traveling 78 miles an hour, which is said to be within the speed limit for trains not stopping at Mokena. The engine struck the tank portion of the truck and pushed the vehicle clear of the tracks. The front of the locomotive was damaged and there was some damage to underneath but after an inspection and a delay of about 20 minutes the train was permitted to go on. The engine served to pull the train to Peoria where it was taken out of service for repairs.

Had the engine struck the tank squarely and at the middle there probably would have been a flood of gasoline loosed and a spark could have set it off, it was pointed out.

Only modern electric heat is as clean as the sun

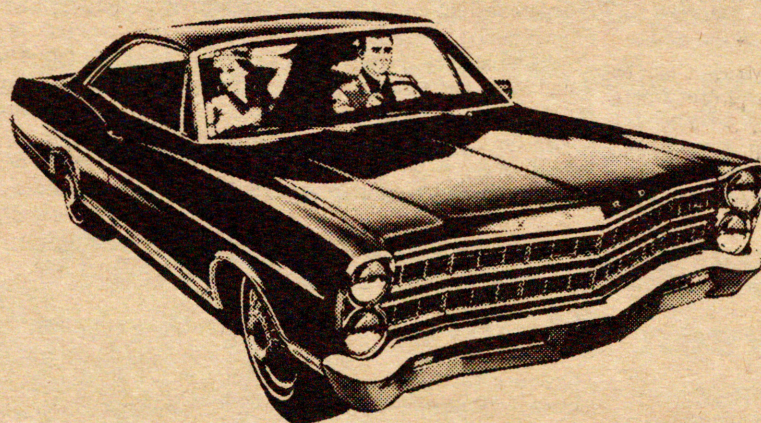

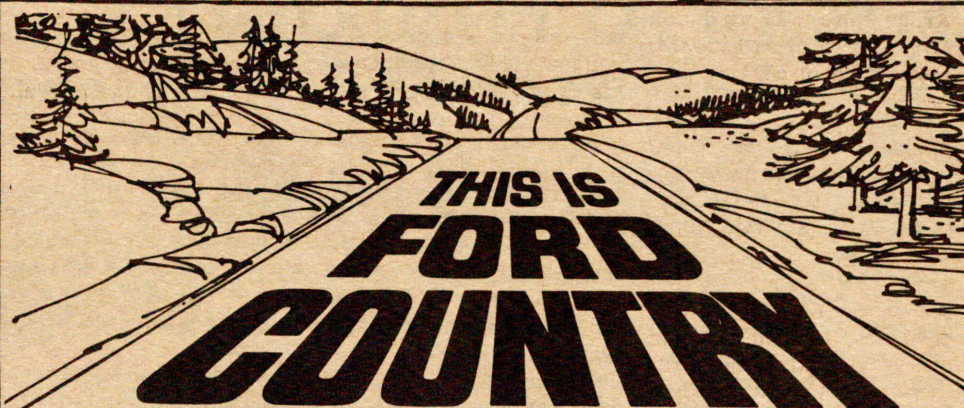

Electric heat is unlike any other type of
home heating. It's flameless—it burns no
fuel, and it keeps your whole house
cleaner, more comfortable. And because
an electrically-heated home stays clean
longer, wall washing and redecorating
are kept to a minimum.

With electric heat, you can pick the
type of heat you want. There are 5 basic
types of flameless electric heating equip-
ment. Depending on your heating require-
ments, one system may be used separately,
or several may be teamed together.

If you're planning a new home or think-
ing of converting your present heating
system, check into electric heat. You'll
find that it's the most modern, convenient
type of home heat today. And it's clean.

For more information about electric
heating, call our nearest office.

See Change Coming In Fire Limit Law

The Orland Park village board is expected to give early consideration to a proposal that the present section of the building ordinance relating to fire district limits be revised.

Trustee Hank Moorehouse, of the building and fire committees, proposed that Village Attorney Raymond Pieper be instructed to draft a change in the present ordinance which would eliminate single family residences from the restrictions covering construction within the fire limits. This would leave commercial, industrial and multiple dwelling buildings covered, it was said.

The board will then decide what to do. The inclusion of single family dwellings in the fire limits, which would bring about a change in the construction of such buildings, provoked considerable protest by builders, subdividers and real estate dealers.

Moorehouse also made a motion to proceed with the installation of an 8-inch water main between LaGrange Rd. and Jefferson St., on 144th Place to provide greater fire protection for nearby apartments. The project was recommended by Fire Chief Arthur Granat and it is expected to cost somewhere in the vicinity of \$1,500. The main would be about 300 feet long. The hydrants and keys are already

there. The motion was adopted and Mark Lovejoy & Associates were instructed to do the engineering.

Attorney Pieper was instructed to draft a resolution covering the establishment of a citizens advisory committee to aid the board in setting up a recreational program in the community without duplication of effort. The mayor would be a member of this committee and other members would include representatives from various organizations, including the school boards.

Water collections are improving, Moorehouse reported, with only about \$400 on the books as past due.

Moorehouse reported that Orland Park has a fire insurance rating of seven which is as low as quite a number of communities, including several with full time, paid fire departments. Blue Island, for example, also has a seven rating. Fire Chief Granat is endeavoring to improve fire protection, Moorehouse told the board, to get the rating down to six or five. The lower the rating the lower the insurance premiums, Moorehouse explained.

There are many reasons why we're pleased to make this announcement. Reasons like Kent's advanced research programs... the most productive research in the industry. From Kent laboratories and research farms have come famous Kent feeding programs like the Kent Roto-Biotic Hog Feeding Programs, the Kent Precision Beef and Dairy Cattle Feeding Programs, the Kent Productionized/Seasonized Laying Programs, and many more, all of which have meant extra farm profits for feeders throughout the mid-west.

Equally important is Kent service. Through 33 years experience, Kent has learned that the best service comes from locally-owned and community-conscious dealerships like ours.

Highly trained, competent specialists from the Kent staff work with us to assist you with any of your feeding, nutrition or disease problems.

These extra services are yours at no charge or obligation. Just part of the many Kent services that help you make bigger profits in your livestock and poultry operations.

Ask us about results from Kent Feeds. We'll tell you about low cost gains, fast finish, and the extra profit possible from Kent Feeds.

Sound like we're sold on Kent? Well, we are. And you will be, too. Stop in and see us soon. We'd like to tell you all about the many Kent feeding programs — and the Kent Feeds — that can help you to more profit. Why not visit us next time you're in town?

Forget that Gas is cheaper.

Remember—a Gas room heater
turns added rooms, basements, and garages
into warm, livable areas.

Does your home shrink in size every winter because the enclosed breezeway, basement, attic, added-on family room is not heated? Any room that's not heated can be made warm and usable in any weather by a modern, easy-to-install gas room heater. You'll be surprised how much your table-tennis backhand will improve when you have a gas room heater installed in your extra play space. Your disposition, too, will improve when you convert a cold-storage area into a warm safe place for the kids to romp and stomp in. You can even heat your garage with a self-contained gas heater and get started right on bitter winter mornings. The compact new decorator styled models are thermostatically controlled, and vent through any outside wall. Air for the sealed combustion chamber is drawn entirely from outdoors. See your heating contractor or call Northern Illinois Gas Company and keep your home from shrinking in cold weather.

Open Letter from the Hirschs

Dear friends,

The men who protect our lives and property at the risk of personal injury or death - our policemen and firemen - deserve our respect and cooperation. The hazard of speeding to and fighting a fire is a very real one. Without the vigilance of the police in maintaining law and order, our democracy cannot survive. Let us give our firemen and policemen our full support.

Respectfully,

Sandburg Eleven Rout's Lincoln-Way, 34 to 0

The Eagles of Carl Sandburg High School clobbered Lincoln-Way's varsity football team last Saturday on the Knights' field by a score of 34 to 0.

The Sandburg team has lost but one conference tilt this year, falling before Rich East, the defending champion, which has a clear slate to date.

Rudy LaVine scored four of the Eagles five touchdowns against Lincoln-Way.

The first quarter was play-

ed on fairly even terms. Sandburg pushed to the Knights 26 yard line and on another series of plays reached the eight yard marker but were unable to score. Lincoln-Way was unable to get inside the Sandburg's 30-yard line.

The Eagles gained 214 yards, 208 of them by rushing, to 177 for Lincoln-Way. The Knights made 130 yards on the ground and 47 by passes. The Eagles made but six yards passing.

The score at half time was 7 to 0, Sandburg. The Eagles scored their touchdown when LaVine intercepted a pass thrown by Jim Martin and returned in 47 yards to the Knights' 20. Five plays later LaVine plunged over from the one-yard line.

Late in the third period LaVine again counted from the one-yard line after a 55-yard march. Thirty of these yards were accounted for by LaVine.

In the final quarter Sandburg scored three times. Russ Wegner picked up a loose ball and went for 36 yards to score.

A blocked punt on the Knights' 23 and a recovery by the Eagles gave LaVine another chance after a series of plays put the ball on the 7. He waltzed home and a little later got away one two runs of 25 and 35 yards. The 35 - yarder was good for a touchdown.

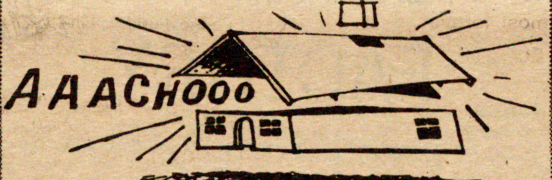

Johnson, of Sandburg, added four points by kicks after touchdowns.

The Knights went into the game with their regular quarterback, Randy Davis, sidelined for the season with a neck injury. Also out of the game was Rick Kohl-bacher, a running back.

MRS. DORA SCHELLHASE, of Frankfort celebrated her 95th birthday on Oct. 12. She is the oldest resident of Frankfort at the present time, residing with her niece, Dorothy Marks.

She is shown above sewing cancer dressings at a recent church sewing circle. She also cooks, bakes, cleans and attends church regularly. She attributes her longevity to keeping busy and not overeating.

Burros

The Mokena Burros led Romeoville's Spartans the whole game Sunday, Oct. 9, after Pat Nelson took a Ron Schlack pass and scampered 65 yards for the touchdown. The game was a fierce defensive struggle with three left in the game, Ken Fortman fumbled on a nice gain up the middle. Romeoville recovered and five plays later scored the winning TD.

Ray Patterson, Burros right tackle played his greatest game. He has been good all season, but this was his best game. Tom Paben also made a lot of tackles.

The PeeWee's outweighed ten to fifteen pounds per man, held Romeoville's "PeeWees" to a scoreless tie. Best play of the afternoon was the 32 yard pass with about 24 yards in air from Tekotte to Randy Boyd.

The heavies played on Saturday, beating Downers Grove 33-12. Simpson and Clegg again led the attack, Russ Lenich was responsible for two long touchdowns. One was on a 46 yard pass. The other on a 73 yard kickoff return. Scott Holladay ran well in game and scored a touchdown and an extra point.

In a lightweight game with Downers Grove Saturday in which both PeeWee and 100 lb. teams were used, the Burros won 26-25.

Sunday, the Burros, are at home for three games with Midlothian.

CHARLES J. GACH, Oct. 17, 1956
At night, the silent stars shined down
At a place not far from here;
Where sleeps someone we can't forget,
And always loved so dear.

Loving Dad, Mom and Sisters

In Memory Of Earnest & Son
Elmer Vogt

There's an open gate at the end of the road. Through which each must go alone. And there is a light we can not see. Our Father Claims His Own. Beyond the gate our loved ones found happiness and rest, and there's comfort in the thought, that a loving God knows best.
